

## **City of Edinburgh Council (CEC)**

City of Edinburgh Council have been a great support to the project, with **Sand for Schools** being awarded grant funding from their Sport and Physical Activity Grant Scheme.

**Senior Education Manager for Schools and Lifelong Learning, David Bruce,** commented:

*'The creation of the new beach volleyball facility at Liberton High School really is something to celebrate. I am delighted that my colleagues in the Lifelong Learning Service, Sports and Outdoor Learning Unit, have been able to work alongside all the other partners to make this happen. Everyone involved should be delighted with this achievement and that, despite the very challenging times that we live in, that they have been able to provide this wonderful and unique facility.'*
